

Noreen Broering

Pathways to Leadership® Facilitator

Noreen Broering has had a long association with Pathways to Leadership Inc. going back to 1995, when as the Executive Director of the Women's and Children's Services at St. Joseph Medical Center in South Bend, Indiana, she brought in Steven Vannoy's "Parenting from the Heart" program.

Her dedication to strong families led her to train with Vannoy as a parenting facilitator in 1996.

"I've always found myself in service to others – as a nurse, mother, hospital administrator, community council member. I just love people!"

In 1999, since becoming certified to conduct the Pathways to Leadership® program, Noreen has worked with teams in the US and Germany, sharing her background in corporate life and the military. The Pathways teams she has served include direct sales, international hair care and organic food companies, as well as automobile manufacturing organizations.

Noreen brings a depth of background in marketing, human resources, management, women's issues and hospital administration to her work as a facilitator.

A life-long community activist, Noreen has been the Mayor of her small Michigan village since 1999, using many of the Pathways tools to create consensus and solve local challenges. Much of her free time is devoted to her family of four daughters and a multitude of grandchildren.

She has a Masters Degree in Administration – Cum laude from the University of Notre Dame.
